

Torque Limiting Screwdriver

- Wide range of factory preset torque limiting handles – no adjustment needed
- When the preset torque level is reached, the mechanism slips and makes an audible “click”
- Protects from overtorquing
- Reduces fastener wear and stripping
- Reduces potential damage to carbide inserts
- +/- 10% repeatability

Factory preset torque value

Replaceable blades snap into handle, simplifying blade replacement.

Comfort Grip

The Bondhus ComfortGrip handle features a durable thermoplastic core wrapped in cushioned rubber for increased comfort and torque.

Ergonomically designed handles deliver unrivaled comfort and grip.

Slight texture of handle helps retain grip, even when hands are wet or oily.

Economical solution to an expensive problem

proTanium
HIGH TORQUE STEEL

High Torque Steel:

Up to 20% stronger, with more torque and twice the wear resistance of standard grades of steel.

FINISH OPTIONS:

TUFF-KOTE
PTFE Finish

Impermeable polymer surface:

Impermeable PTFE (with TEFLON® material) added to finish for extra corrosion protection. Environmentally friendly finish, free of harsh chemicals, acids, and metals.
